

Dear Parents,

I am looking forward to having your children in Freshman B for Super Friday this fall. To tell you a little about myself I would like to introduce my family. My husband, Danny works in the oil industry. My only son, Michael (20) is now a Senior at A&M. Aubrie is 18 (our high school senior), Kathleen is 15, Rachael – 13, Melinda is 10 and Stephanie - 6. We have been homeschooling for 16 years.

I enjoy reading, making baby blankets for friends and family (gives me something to do with my hands while waiting to pick up children, dentist offices, etc.). At this stage in our lives we spend a lot of time in our van going to church activities, Irish dance practice (in Magnolia) and swim team in the summer.

I like to communicate by e-mail. Please let me know the best way to reach you. I will be sending a more detailed email about our class and any supplies you may need.

God bless,
Pam
