

## Chess Class

Dear Parents and Students,

In this class, we will cover various aspects of chess tactics, such as forks, pins, and skewers. The students will learn how to best handle their pieces in the opening, middle, and end of the game. With all this knowledge under their belt, they will then practice those skills during in-class tournaments, culminating in a final championship rounds in the final classes. Get ready for a fun, informative, and (slightly) competitive class!!!

Thank you for joining this class, and I look forward to seeing you in the spring semester!

\*Please bring your own chess board.

Sincerely,

Branson Ruddell
