

Mrs. Hamlin believes that she was led into the teaching profession. She earned her Bachelors of Science In Dietetics from Texas Southern University. After college she decided to serve her country by joining the Texas Army National Guard and served for six years. She continued her education by earning a Masters of Education and Instructional Technology from Liberty University. Mrs. Hamlin has taught science in public school at the elementary and secondary level both online and brick and mortar environments for 7 years. She is married to her wonderful husband William, and they have one daughter, Karla. Mrs. Hamlin is a member of Second Baptist Church-Kingwood where she was reassured and became more confident that homeschooling is right for her daughter. Although she is new to homeschooling, she is enjoying the journey of learning and meeting such a wonderful and helpful community of families.
