## Super Teen Program (13-16 years old by September 1, 2023)

Introducing the long-anticipated Super Teen Program! During the first two periods, students will participate in How Things Work. This class introduces students to various topics, including household finances, home repair, automobile maintenance, marketing, media, and more! The third period will be a combination of fun exercises and games that strengthen communication and conversational skills, team building, and leadership.
