Character Training

We share with parents in the goal of training our homeschooled students to be role models and leaders in our community and in the world. Students should strive for excellence in their character by pursuing Godly characteristics including kindness, Christ-like love for others, obedience, responsibility, integrity, respect, thankfulness and truthfulness.

Facilities

Students will respect the property of the facility. Defaced or damaged property is to be replaced at the student's expense. Students will honor the graciousness of the church staff and members. Students are not allowed to roam the grounds or buildings unsupervised at any time.

Dress Code

Students will dress in modest and neat attire. T-shirts or other clothing with inappropriate messages are prohibited. It is our desire that all students' appearance will present a Christian testimony.

Conduct and Attitude

We require respectful behavior in the classroom towards the teachers, staff, and fellow students. Note passing, talking out of turn in class and other disruptive behaviors are not allowed. **IPADS, cell phones, laptops and other internet-capable devices must be left at home or kept turned off in the student's bag (unless they are being used under teacher supervision for a class) or they will be taken and returned to the parent.** Students should always be prepared for class with all needed supplies and with an attitude of respect for others and eagerness to learn. Students and staff alike should strive to glorify God in their thoughts, words and actions.

Communication

Communication will be posted on our website and social media pages, but all parents should be on the Remind text group for important and urgent updates. To join the Remind group, text @newsf2025 to 81010.
